Synopsis

If you could talk to your pet, what would it say to you? How do animals communicate with people? And what's the best way for people to communicate with animals? In this insightful audiobook, renowned pet psychic Sonya Fitpatrick teaches listeners about the secrets of the animal world and how to learn the telepathic language of animals. Dogs, cats, reptiles, horses and wild animals of kinds have a story to tell. Animals have special ways of communicating, which is unfortunately often misunderstood by pet owners, leading to behavioral problems and a disconnect in what might otherwise be an inspiring and loving relationship between pet and pet owner. Through the discussion of her own telepathic powers and by sharing true stories form her clients, Sonya helps pet owners understand their pet's thinking process, thereby uncovering the basis for many common problem: scratching, barking, soiling, chewing and many more. You'll hear about Sparky, the dog whose deliberate accidents pointed to a strong dislike of his owner's new boyfriend or Zuki and Spika, two enigmatic iguanas that Sonya helped learn how to live together peacefully, Brass, a horse with an abusive past that threatens a positive relationship with his new owner and Magic, a cat with heart problems that were healed by Sonya's advance techniques - plus many incredibly and true tales of lost pets found using Sonya's telepathy. Sonya shares her seven simple steps to communicating with your pet, along with practical guides on care and feeding, emergency preparedness, illness, moving and how to introduce new pets to the house hold.

It made me so much more aware about animal communication especially with my 2 dogs. I begin to

notice what they are trying to communicate to me and am trying to reciprocate telepathic responses and energy. The ending chapter on letting go and grief gave me much comfort.A must read for anyone who loves animals.

Best book in 2017 for me

Nothing makes me happier than extending the interest I had in Sonya and her animal encounters that I saw on her show, and any writing she has done. She talks about animals and her experiences with charm and grace and never ceases to amaze with how much animals can communicate if we are able to listen and hear. Thank you Sonya!!!!

I really enjoyed hearing the story of Sonya and how she grew up with her gift. I have a love of animals that has been with me since childhood. I love my furry friends and I was happy to know that I can communicate with her on another level. Highly recommended, especially if you were a fan of the show, Pet Psychic, or really love animals.

I love it interesting book
