Synopsis

With the explosion of communication devices tied to the Internet, teens need guidance in healthy online participation more than ever. One key requirement for digital literacy is learning to manage ones digital footprint. This book raises readers awareness of the array of information they can leave behind when using technology and the Web. The book empowers teens to behave in ways that protect their physical and psychological health; identities and property; and social and professional reputations well into the future.

Customer Reviews

Robert Grayson is the author of many lively, topical books for young adults. An award-winning former daily newspaper reporter and cable-TV talk show host, Robert also writes magazine articles on arts and entertainment for national publications. He has helped organize, promote and publicize major craft shows in the Northeast, including a Judaica showcase, and is an avid craft collector. --This text refers to the Paperback edition.
