Ã¢â ¬Â¦Lonely Planet, the intrepid traveler's bible...' --Los Angeles Times, April 2005

Who We Are At Lonely Planet, we see our job as inspiring and enabling travelers to connect with the world for their own benefit and for the benefit of the world at large. What We Do * We offer travelers the world's richest travel advice, informed by the collective wisdom of over 350 Lonely Planet authors living in 37 countries and fluent in 70 languages. * We are relentless in finding the special, the unique and the different for travellers wherever they are. * When we update our guidebooks, we check every listing, in person, every time. * We always offer the trusted filter for those who are curious, open minded and independent. * We challenge our growing community of travelers; leading debate and discussion about travel and the world. * We tell it like it is without fear or favor in service of the travelers; not clouded by any other motive. What We Believe We believe

that travel leads to a deeper cultural understanding and compassion and therefore a better world.

Very useful book as an introduction to Algeria for a first-time visitor. Even though it's now outdated (2007), it does contain some timeless tips that I plan to rely on during my travels. Would love to see Lonely Planet return there and provide much-needed updated information.

Though we didn't see the whole country my friend and I , traveling independently, benefitted enormously from having this book with us. This is not an easy country, there are no Information offices. Just clutch the book and you'll manage. A country worth seeing.

This was extremely useful on my 2014 trip through Algeria. I made use of almost all the information in it. It supplemented the Brandt guide which my companions had. I wish there was a newer edition though.

Lonely Planet are the best books to use when traveling. Have used all ofver the world. Never disappointed in them
