While I like the DK Eyewitness travel guides in this case I was interested only in the Punta Cana district that is a rather limited chapter of this e-book. For this reason this particular guide could not really satisfy my need.

I was disappointed in this book. It was the only book available that had been written and published in the last year. Every other book was old. I wanted up to date information and this book really doesn’t cover much in the way of food safety, weather, specific tourist areas. Mostly a glossy over view of the country and museums.

The book was great. I read through it at home and some how managed to loss it on the way to the Dominican Republic. Was very disappointed that I lost it.

Great book, very helpful, wish there was more information on the city we are going to. 10 seems like a lot until half of them are thing you have absolutely no interest in.

Nice quick guide. Quick read also. I think there was a map or some other guide in the back that was missing. Other than that, it was a steal.

I’m a new travel agent and I found this book to be very useful

Purchased these for welcome gifts for our destination wedding guests. These will definitely tell them all they need to know and see while traveling the Dominican.Great buy!

Eyewitness travel guides have lovely illustrations although the "Top 10" ones may be too concise for some. Would recommend to all and is easy to read
