very helpful...I held my own in group discussion thanks to this

This is a classic and it should be. Wonderfully written, unusual perspective and interesting revelations as you read it.

great description but wanted to order the actual book.

This book is excellent for kids on many levels. It works with 8th graders very well and the author’s teaching guide was terrific. It was a delight to teach.

A book on required reading list that arrived promptly.

Excellent supplemental coverage of the book.

This is not the book - this is a study guide!
