Customer Reviews

This was a great book!! I have to admit that I had reservations about reading it, because Nikki is a personal friend of mine, and I was afraid that if it were bad, I wouldn't want to know! But the book was great, and I have been recommending it to the young people that I know! Nikki is a talented storyteller, and in this novel, she weaves together a story that combines caving (my passion) with supernatural beings and events. The story drew me in from page one, and I didn't put it down until I was finished! It is well-written and a fun, lighthearted read for any age.

Once again, Nikki Bennett has written a YA book that this middle-aged mom could NOT put down. Nikki lures you in early on with (mostly) likable characters and a story line that makes you want to see what happens next. I read it on my iPhone's small screen in less than two days with working full time. I could not put it down. The fact that caves and caving figured prominently in the story was a bonus, and well portrayed. Way to go, Nikki Bennett!

Actually, an overall excellent read, though the first-person teenager tone makes it feel like a young adult would probably get the most out of it. A highly original tale of supernatural adventure set in the real world, with a likeable group of characters, and some rather sinister antagonists, I'd heartily recommend it to anyone who likes the adventure and/or fantasy genres. Reminds me of some of Susan Cooper's work.

This book was difficult to put down. I loved the mystery and I want to read more. I hope to see another story with these characters in the future. I will be passing this on to my kids for them to read next. Check out the other books by this author as well. I've enjoyed all of them.

Great read. Once started, it's hard to put down. I'm ready for the next exciting adventure.Gorp snarfle beedle tom

Well plotted -- good pacing -- believable, relatable characters -- just plain fun. Good job, Nikki Bennett.

Cute Read. Not for those who are sensitive to grammar or spelling errors.
