Synopsis

A great option for low-level and inclusion classrooms, with digital support on Biology.com. Authors Ken Miller and Joe Levine deliver the same trusted, relevant content in more accessible ways! Written at a lower grade level with a reduced page count, the text offers additional embedded reading support to make biology come alive for struggling learners. Foundations for Learning reading strategies provide the tools to make content accessible for all your students.

Customer Reviews

Best Text ever. Focused and structured with NGSS and STEM. Lots of pictures and critical thinking techniques and application inquiry.

Awesome stuff

Great book. My children are overseas in high school and they love it. They are always reading this book. It well illustrated with pictures and colorsDefinitely , it a five star book.
