Customer Reviews

This historical novel was full of information new to me. The characters were enjoyable, and it was an easy read. I couldn’t wait to see how it ended, and at the same time was sorry it was finished.

I picked up the first book at a book giveaway. When I was finished reading I was excited about reading the series. I found this book at a great price. The book arrived rather quickly as I am

stationed in Germany. It is in great condition. Can’t wait to sit with a good blanket and cup to tea.
