## Customer Reviews

here is another great turtle coloring book for the avid turtle collector, this book is filled with beautiful different designs of turtles that Is why I got this book no only do I like to color but I love to collect any thing that is turtle and this book fills the bill for me. It has lots of single turtles on every page this Man not only has turtles but every other kind of animals you will ever want to color. I highly recommend this book and any other books this person has published. Thank you

The cover art is great and I expected all of the mages to be of similar quality. That is not the case. Many are rudimentary sketches that aren’t suitable for coloring and more than just a few are full sketches but are too juvenile in subject for me to consider them appropriate for an adult coloring book.

My wife loves coloring for relaxation and since we have a tortoise I figure I get her a nice book. She loves it.

Purchased for a gift

Absolutely Perfect!! I love how so many of the species of turtles and tortoises are included. The funny poses of some of the turtles are hilarious! Great size and very clean lines. I cannot wait for a "Turtles 2" coloring book

Didn’t know I could get a book of turtles! Need more green and brown pencils. Guess I could have pink and purple turtles.

This is simply turtles. I absolutely love it!

WIFE LOVES IT. TURTLE FANATIC
