Synopsis

Swindled. Duped. Cheated. A back-alley game gone wrong leads to the loss of a precious family heirloom, and Willa is determined to reclaim what's rightfully hers. Yet, when circumstances lead her to cross paths with a curious, protective alien, she begins to question what's truly important.Note: While this story is its own, the ending does lead into the next novel. You do not need to read previous books in the series to enjoy this one. M/F Romance.Warning: This story contains explicit sexual content, graphic language, violence, and situations intended for mature readers.

Customer Reviews

However, this book was also a cute story.

Enjoyed, will read the sequel.

Didn’t enjoy this one as much as her other books. But will purchase from her again.

ÃƒÂ Ã Å¸Ã â ˆÃ Â•

as usual well written by a talented story teller, I loved the characters and the growth of the H and what should have been a 5 star book became a 3.5 star book, because I wanted more about this couple, to see his development coming into his own go home with her seeing the world as a free being with Willa by his side but the story is too short half the size of her previous books, which would not be a problem if part 2 was going to be a continuation of their story not Tosh's Willa's friend. I don't pretend to know what the authors is thinking if we will get the full bodied story's we are used to or this will be it. Still the book was good and entertaining but as I wrote it was disappointing that the cliffie does not relate directly to these characters but the friends story. I will buy the next book in the hope the author will fulfill my expectations and give this couple the story they deserve, but I'm doubtful.

Loved it! Devoured it. Lots of action, humor, great hero & heroine - likable. The story ended on a cliff-hanger which is always aggravating. The first 2 Women of Dor Nye books carried the story forward from Book 1 to Book 2 adding characters & relationships in the 2nd - which I loved. No unfinished feeling after the 1st one ended. This story was not as complex in the development of the hero's awakening as that of the hero's awakening in Book 1 which is too bad.I enjoyed the sex scenes - the alien-ness of the male is not ignored as so frequently happens n other alien romances. Its appreciated, described & relished. I'm happy to say the cover enhances too - his traits - coloring, etc are more memorable when you have a great cover!

Maybe the series starter Lucia was just a fluke in characters.I get that there is a running theme about liberating slaves here and that's just fine. What is not fine is that the heroine is a grown woman making reckless decision after reckless decision and not thinking of the outcome.Willa and her bff Tosh, are supposed to be responsible adult with purposeful jobs, they both toss away to go hating after some dude because pride. Seriously pride. Her rashness puts her entire crew at risk and I found that grating. There are flawed, troubled, confused, or even weepy heroines, and still make for a successful story line. Having a girl child with a complex, questionable morality, and no sense of consequence does not help the series. It is even insulting after reading Yarian and I'm mad that I purchased this short instead of renting it.I care nothing for Kyran, he is basically a teenager who has just discovered pleasure. Strangely he is perfect for Willa, since she runs around acting like her parents let her crash the Bently and suffered no consequences. I don't even know how these

two came to love each other.When Tosh’s story is released I won’t be purchasing it.

This is a book set in the same universe as the other books by Poppy Rhys. The female lead is independent and crews her own ship. She has a best friend named Tosh. Willa is a hothead who makes bad impulsive decisions. She gambles away a precious family jewelry piece, and starts digging a deep hole just trying to get it back. She steals 3 Kymera, and they are chip implanted slaves. The author basically turns this genre on its head. The male is the slave who needs rescuing by the swashbuckling rogue female. Kyran loves Wills, she’s the only kind owner he ever had. Willa eventually has the slave chips removed, and Kyran helps her break into a party to steal the necklace back. Those two get away, but the villain has captured her best friend Tosh and is holding her for ransom. Part 2 is Tosh story.
