Customer Reviews

Loved these two books, the writing is fast paced and Lacey's style is very easy and relaxed. The characters are recognisable, we all have friends like this, normal everyday people with normal everyday hang ups. In 'Meet Clara Andrews' we - obviously - meet Clara a young, single girl, who has a dream job and fantastic friends. Suddenly, everything is turned upside down when she meets the devastatingly handsome Oliver, a fellow designer with whom she will be working. At the same time, she has also left her telephone number with another man, George. Going from zero men in her life to two, Clara's budding romances become quite complicated and although she realises very quickly who she loves, it is not all plain sailing, but any angst is tempered by the humour and the solid friendships between three of the main characters.'Clara Meets the Parents,' was a great sequel and I loved it just as much as the first book. It is a year after *plot spoiler* Clara and Oliver fell in love and now they are travelling to Mexico. Although a holiday, Clara will also be meeting Oliver's parents. It is definitely not the most comfortable and relaxing of holidays, for Oliver's mother seems determined to trip Clara up at every opportunity. Throw into the mix - holiday friendships, someone from Oliver's past, sun, sand and tequila and you have a funny, occasionally heart wrenching and fast paced story. Lacey's characters are wonderful, I swear I know half of them, so familiar are they to me. For me, the best kind of story is one you become lost in, and the Clara stories have that effect. I downloaded the next three, simply because I can't wait to see what happens next!

If you're looking for something funny and light with a bit of romance, this is it. Clara is not only a bit

down to earth but you can tell she is like almost every average single girl looking to have fun. She has had quite a few embarrassing moments that has lead to a few disasters but it worked out in the end. I enjoyed the whirlwind romance, the wonderful trips, fantastic shopping and of course the cute guys. It was a great relaxing read.

Cute, not complex but it's what you expect from this type of book. Quick, easy read but seen these types of series where a not so outstanding character has adventures in the mundane. (So & so goes on Vacation, So & So Gets a Job, So & So Does Christmas, etc) There are a lot of these type series out there and this is much the same and nothing that makes it stand apart from similar series written by others.

I love the Clara books and cannot wait to read book 3! I would recommend these books to anyone! I think everyone could use a little Clara in their life :)

Love this new book series!!! Cute, funny and unpredictable at times these books introduce us to Clara, who loves wine, shopping and takeout!!! Also, the gorgeous and charming Oliver. A great book for anyone who likes the Shopaholic series by Sophia Kinsella.

I have been searching for a new, fun series to jump into.....finally I have found it! It's fun, light, and relatable. I can't wait to get the rest of the series!

Although I love this genre, the writer did not make me interested in the main character. Hangover after hangover, drinking and men, she came across as very shallow. Also, at about 25 per cent of the way in, no real story was developing. Gave up on this one.

It was such a pleasure to read 'Meet Clara Andrews'. This excellent novella gave me everything I look for in light reading. Pure escapism, delivered in a delightful upbeat tone, leaving me refreshed and wanting more. Lacey London's 'Clara' series is not only well written but also extremely well polished and produced.The other book in this digital box set is 'Clara Meets the Parents'. What an absolute delight! I chuckled my way from chapter to chapter as Lacey introduced me to some particularly memorable characters whilst also weaving in some suspense that had me hooked right in. Twists and turns abound. This is clearly an author who loves her writing. She can be sure her readers do, too. Wonderful fun. Chick Lit at its best!
