Synopsis

This book is a rare and pioneering one. It is also a unique one....highly informative and useful... -- BIZ INDIASome people pursue medical interventions as part of the process of expressing their gender, and an increasing number of gender affirmation surgeries are being performed. This book, which provides comprehensive coverage of the subject, is edited by three well-respected and experienced authors with over 20 contributors from around the world. It features full coverage of both medical and surgical treatment, supported by over 350 full-color drawings and photos and surgical video.
