Synopsis

This coloring book introduces, in exquisite detail, the serene world of Fairy Lane. Enchanting fairies are shown dancing with butterflies, floating asleep on a leaf, gliding through spring flowers atop a flop eared bunny, in elaborate headdress, and enjoying the company of feathered and furry friends amidst beautiful flowers and delightful fairy homes. Twenty-five images are included with blank pages behind each. There are two bonus pages for your notes. Pages are not perforated and can be removed easily with a blade.

Since early childhood, I have imagined tiny worlds in which magical creatures live in harmony with nature. Throughout my career, my art has focused on graceful figure drawing, beginning with fashion illustration, to children’s books and recently the fantasy art instruction books, Enchanting Fairies, Enchanting Elves and others. Also. I license images for garden flags and other products and paint realistic portraits. Inspired by my loved ones and the woods and flowers surrounding our home, my art celebrates fantasy scenes which are in harmony with nature and that we might like to experience.

This is now my favorite fairy coloring book!! (can I give it more than 5 stars?!) The pictures are filled with tons of details, including animals, flowers and tons of extras that make it extraordinary. (some fairy books are limited in the backgrounds, not this one!) Once I get my coloring hands on these

pics, I'll be back to update my review with a colored pic. If you love coloring fairies, this is a MUST HAVE addition to your collection!

This is my second book of fairy designs by Barbara Lanza. The first was a best-selling book by Creative Haven. This book is by another publisher and while the artwork is as good if not better, the one thing that I miss in this book are the perforated pages. That certainly would not keep me from enjoying coloring in this book but it is something to note if you also own the prior bookThe fairies are beautiful and are in a variety of settings and poses. I really enjoy that some are fairly simple (such as my first project with a fairy and a sunflower) and that others are much more detailed with lots of back ground setting design.This is what I found in and about the coloring book:25 Elegant Fairy DesignsPrinted on one side of thin, slightly rough, non-perforated white paperA few designs merge into the binding areaGlue BoundAlcohol and water-based markers bleed through the pageGel pens and India Ink pens leave shadows of color on the back of the page.Coloring pencils work well with the paper. Soft lead pencils go on with good coverage and layer and blend well. Hard lead pencils work well but also dent the back of the page.I recommend using a blotter page below the page you are working on to keep ink or dents from marring the design on the next page.

My wife loves it!

nice !

This is my absolute favorite coloring book. I love to color in it at night just before I go to bed - it lets me wind down after a stressful day. I actually look forward to sitting down with this book at the end of the day. The pictures are great and you can add as much detail as you want.

beautiful pictures

nice pictures

This was a gift and she loved it
