Oddly interesting plot for an erotic Josie manga. I love manga by this author. Looking forward to finding out what happens next. More, please!

I know I had the impression that it was the typical storyline, but the last page got me wondering what’s gonna happen next, especially with the guys’ friendship!

not recommended it’s a little weird in the way it is started and how fast it went through of what happened

It’s a little too rape-y for my tastes. Also, it’s referred to as ’volume 1’ but it’s so short it seems more like a chapter. Based on the cover image and the description I knew sex would be playing a pretty big role in it, but there is 0 story other than the cliche of nerdy girl gets hot. Real lame.I’d say you get what you pay for, but even $2.99 is too much for this.

There’s no real character development, the story is just smut. She’s practically molested in the first love scene, the rest is just pretty rapey. It’s a bad take on polyamorous relationships. The love scenes are great and so is the art but the story is G A R B A G E. You’re better off reading a smut novel. There’s nothing cute about this story at all.

This manga is so creepy. It’s mostly a girl saying no over and over while two popular guys rape her.

This book was just so bad. I love the dominating relationship and this book was the complete opposite. It was just a nerdy girl getting rapped over and over again. This book made me feel terrible to actually read it was just bad I honestly feel the author should really look at developing this story a whole lot better than what she did. I feel that you could have a good book of you cut back on the rapey scenes and actually made more in the sex scenes instead of just a quick nut, and actually spent some time developing her characters. But until then this was just wrong on all levels.ÃƒÂ Ã Å¸Ã ËœÃ Å ÃƒÂ Ã Å¸Ã ËœÃ Å ÃƒÂ Ã Å¸Ã ËœÃ Å

A cheap hentai manga with cardboard characters and not even enough balls to do proper sex scenes. The artwork is passable at best, with flat line work and unimaginative panel layouts. A half-chub of a book.
