Best Sellers Rank: #7,433 in Books (See Top 100 in Books) #52 inÃ Â Books > Children's Books > Animals > Bears

Age Range: 5 - 8 years

Grade Level: Kindergarten - 3

## Customer Reviews

cute story that makes a different version of a traditional tale

Bought for my daughter she loved it

Bought this book to introduce the idea of choosing a "just right" book to my students; it was recommended by a teacher in my school. The overall telling is very good, retaining enough of the original to keep it "predicable" but different enough to be interesting. The ending has a sweet little twist.

I read this book to my library classes which range from 4 year olds to 5th graders as a resource to teach them the proper way to treat a book and put it back on the shelf properly. The students love the book and are entranced by it as I read it to them. It has been very helpful showing the "5 finger rule" for reading a book and the importance of putting books back where they belong. I would recommend this book to any librarian to read to their classes.

Great book for teaching finding a right fit book for students and it's very entertaining.

I love this book! I use it in my class to teach my students (5th grade) how to choose books that are a good fit for them. I love the pictures and word play in the book. My students caught on quickly to them as well and were groaning and giggling.

I loved this book! As a Third Grade Teacher it was fun to present a familiar Fairy Tale with a twist. I was able to reinforce the five finger reading rule with humor and a surprise ending. It explained the concept of choosing a just right book with the updated tale of Goldisocks and her search for the just right thing. When used in conjunction with Reader's Workshop Model it was a hit.

I liked the book. Fun way of looking at another Goldielocks story. Several of the example of Goldielocks were used with Goldlie Socks which children enjoy seeing in the story. The ending is great when the bears find Goldie Socks, and everyone reads together.
