Stan and Jan Berenstain were already successful cartoonists for magazines and adult humor books when they began writing children's books. The first story starring the bear family, The Big Honey Hunt, appeared in 1962. Since then, more than 370 Berenstain Bears books have been published, and more than 300 million copies have been sold. What began as an idea sparked by their young sons' love of reading has become over the years arguably the best-selling children's book series ever.Since their inception, the Berenstain Bears stories have expanded to include picture books, beginning readers, and chapter books--even a hit TV show on PBS. Writing and illustrating the books has become a Berenstain family affair. Mike joined with his parents as a creative team in the late 1980s. The Bear family has expanded over the years as well. Sister Bear arrived in 1974, and baby Honey joined the family in 2000.Though Stan died in 2005 and Jan in 2012, Mike continues to create the delightful Berenstain Bear adventures from his studio in

Shows the importance of doing chores and not putting everything off "until later"It has its consequences.It also shows that even Mama falls into this trap after awhile, but to prove a point to the family.Good read and helpful to teach children why we need to do the chores around the house

our family has always loved these books, i like that they made a series as well but sometimes is nice to just snuggle up with the little ones and read these. perfect condition, excellent price

This book was great to read during pets theme. It talks about responsibility and how to care for

different kinds of pets. As most Berenstain Bears' books, it is wordy, but it's a great book!

What a great way to teach kids about the necessity of chores! I love how the author makes you laugh while instilling a great lesson. My daughters love these books (even my grown daughters!) so we will keep adding to our collection.

Book was in great condition. And who doesn't love the Berenstain Bears?

Good books!
