Synopsis

Winnie-the-Pooh leads the way in this adventure of shapes, colors, numbers, letters, and how to tell time while exploring his oversize lift-the-flap book. Each page is packed with surprises hidden under 70 fun flaps. There is an alphabet's worth of presents to open and a clock that tells what Pooh does at each hour of the day. There is even a Hundred Acre Wood game of hide-and-seek to play. This is a primer to learning fun that children will want to join again and again!

Book Information

Customer Reviews

Ernest H. Shepard was born in 1879 in England. His pictures of the Pooh characters are based on real toys owned by Christopher Robin Milne. Shepard died in 1976.A. A. Milne was born in 1882 in London. He was a playwright and journalist as well as a poet and storyteller. His classic children's books were inspired by his son, Christopher Robin. Milne died in 1956.

My 3-yr-old granddaughter loves this book. The only down side is that she's played with the flaps so many times that two of them have torn off, and they're not so easily taped back on. But that doesn't bother her at all, so I have no complaints. :)The illustrations are very close to the originals and not like those counterfeit Disney imitations, which is a plus.

The pages of this book are thinner than I was expecting for a lift the flap book. However, i love the book. The illustrations are so cute. There are so many fun flaps to explore! I have 3 kids; ages 6, 5, and 2. They all love this book!

So many flaps to lift! Lots of learning opportunities! Great book for the airplane!!

Great toddler book. So many flaps and things to discover on each page which keeps our little one's attention. Also very educational, teaches shapes, colors, letters, and numbers

It is not a hard back book. It is however adorable and well worth the price! It has learning activities and great pictures.

My granddaughter loves all the flaps...but is confused by the terms used for items in this book.

This is really a giant book! It's like 10 x 10. All of the pockets to open are super cool-

Adults probably will love this more than their kiddie pies. I love, love, love Winnie the Pooh, especially the old vintage gang ... but, while this is a great book, it was just too difficult for little hands and little minds to get into ...
