Synopsis

Planning to run away with his best friend Meg as soon as they graduate was the plan; but Meg couldn’t go and Matt couldn’t leave her so he stayed far longer than he knew he should.. A friend of a friend over hears him come out to her and his mom will NOT have it, forcing him to pick up with their plans and move the 900 miles away to start over. Sophomore in college; ready to be free, Matthew runs into some jocks on his first day and one catches his eye.Declan is an all around ladies man; until he see’s Matt. Not giving it much thought as to why he’s attracted to a man all the sudden, he starts spending time with his Matty. To Matt it’s all in secret, but to Dec its just them getting to know each other; all until sassy friend of Matt’s, Piper throws it in his face that he’s not gay.....Hearts get broken and feelings get confused, but in the end... is it enough to stay together?.We also see pieces of the next book and how two of the secondary characters meet, it’ll make you want to read the next one that comes out on the 1st, that’s for sure!

Customer Reviews

Let me say up front that - with a few exceptions like Marcel Proust, William Faulkner, Ethan Mordden and the first four (and ONLY the first four) Jay Bell SOMETHING LIKE novels - I almost invariably HATE "series" books and stories. They're just such gimmicks, usually "jumping the shark" with the appearance of the second installment.That being said, I actually did like - with a few caveats mentioned below - HE'S IT FOR ME and I wish I could give it 4 stars instead of 3.Two appealing (though somewhat clichÃƒÂ©d) college boys - one of them gay and the other obtuse and seemingly confused - meet on the first day of the new semester. Instant lust - and perhaps even love - follows. I don't mind "insta-love" - in my long life I've known more than a few long term gay couples who "fell in love" the first time they met. In fact, I'd rather read about "insta-love" than a lot of the other tropes that M4M romance writers toss off every time I turn on my Kindle.Declan and Matt honestly do seem right for one another. And, for the most part, I like the way this author handled their sweet love story - which includes just the right amount of sex. Unfortunately, about halfway through their tale, she DELIBERATELY misleads the reader with some totally false foreshadowing. It was so depressing that I almost didn't finish the book. In the end, however, it was all a lie on her part and I'm glad I stuck with it.That, coupled with obviously substandard editing and proofreading, is the reason I give this story only 3 stars instead of the 4 it would have earned otherwise.I rewrite all of my reviews at least 7 or 8 times. Why can't Kindle authors do the same thing?

Wow, what a great, well written short story !! I am a lucky reader to have found this new author. This is her first book, and it's amazing ! This is a short story of small town , lithe, beautiful, Matthew, who got out of town when his Mom rejected his gayness. He's new at college and discovering the real big world for the first time. Many first times for sweet Matthew. Large, hunky, Declan, Ice Hockey captain and his friends meet Matthew through his friend's girlfriend, Piper, as she and Matthew are hanging out. I loved this well written tale of coming out, realistic scenarios, loyal friends, and discovery. Deeply thought-filled characters we love, and great first time M/M sex for these two men.Highly recommend this remarkable story. ENJOY
!!==========.99 at :)==========

If a book is this short (55 pages) and is not Kindle Unlimited, I usually won't get it. But this one sounded so good and I was in the mood for something short and happy. So, 99 cents later, I had what I wanted. Short and happy. :)Matthew has moved to Boston to begin his sophomore year of college. He begins to meet new people and even make a few friends, which is how he meets

Declan. Declan has never been attracted to guys before, but he certainly is attracted to Matthew.This story is very simple and very straightforward, but there's just something about it. I liked it a lot. Maybe it was because I knew there were already 2 other books out there about other characters that we meet, maybe these two guys just seem so smitten with each other. Maybe it was because I was Team Matthew, given that his mother was so unkind towards him. Maybe I was just in the mood for love, I don't know. Whatever the case, I really liked this one a lot, I"d give it 4 1/2 stars but that's not an option. :) AND I am already well on my way to finishing book two of this three book series.

I just finished you six books of the unlikely heroes series was hesitant to buy any of you other book, I just didn't think they would live up the series boy was I wrong. The characters and story just flew off the pages and had me from the first word. Poignant deep and meaningful moved me to tears and to totally joy!! Thank you keep writing you are definitely me new favorite... ps I try not to have favorites.

For a non-native English speaker like me, the grammar mistakes become I little more unpleasant. Beside that, the short story is good and I was able to read in one sit. I was very pleased about the narrative: the both lads tell the story in consecutive chapters. The first chapter is about Matthew life, at the second Declan reveal his side of the chronicle, and so on.~~~~~~~ SPOILER ALERT ~~~~~~~For me, I was not convinced the Declan is in love with Matthew. The relationship started for physical attraction and nothing more. I tremendously agreed with Piper! He is maybe confused or bi, but not gay. He is just obsessed with poor Matthew.That is why I enjoyed this book so much. I don't think the author aimed this, but I can't help the feeling that Piper is right.

Such a wonderful story and prequel for He's the one for Nate. The story and the characters are so real and the dialogue is so amazing that I actually read both books twice. I understand that there are other books in this series, and I have not had a chance to read them yet (and I'm not sure exactly in what order is should read them!) so I will just speak on this one right now. It was fantastic.

I liked the idea. Grammar issues and how it was written were sometimes distracting. Okay read. Don't see myself rereading it anytime soon though.

A cute short story. This story would be better with some kind of drama. Example: the jock has to

come out to his friends or father. Instead, we just get confusion and anger. Things get messy fast and get resolved even faster. We need to hear from certain people but they are suddenly gone. The story is too short and not properly fleshed out. Btw it’s drag not drug.
