This Swear Word Coloring Book is one of my favorites that I have purchased. I enjoy the sweary word coloring books after a day at work and this book has some great words and sayings in it to unwind and enjoy. Most of the pages have nice detail to them. Some of them have very small areas to color so if you are using colored pencils, you will want to make sure they have sharp lead

points.There are 29 designs in this book to color. All pages are 1 sided and the pages are not perforated like some books are. The thickness of the pages is that of a normal sheet of computer paper and the size of the book is that of a sheet of paper measuring 8 1/2" x 11". If using gel pens or markers to color, I always recommend placing a few sheets of paper in between the pages so nothing goes through or else I personally like to use a piece of poster board. I also want to mention that all the pages in the book you need to turn the book to its side to color. All the designs are sideways and not upright.In my video, I show you all the designs that come in the book. I like to know what is in a book for the designs before buying it and many don't show you and then you end up with something you thought you'd like but then don't. This way you can see all images and make your decision. Overall, I really like this coloring book and if you like vulgar and some "rude" sayings, then I would recommend it for you.

I'm coloring at age 86 to regain complete use of my right arm. After rupturing the tendon in my right triceps, and getting a severe concussion a year and a half ago, I thought the coloring might help me regain use of my right arm and hand. I couldn't write at all until a couple of month ago, and decided to try the coloring to speed recovery. After a bit of writing my hand starts scribbling, so it will take time. However, it is difficult to stay in the lines if you're laughing too hard to hold the colored pencils!.

Another great dirty word coloring book...for that special friend!My Adult Daughter has been having fun coloring the quotes or words and then giving that page to friends as a joke.They are college ages students, so this is very lighthearted and fun for them to screw around with. She likes to color in her down time to relax and detach from her studies. It may take her a few days to finish a page but it really helps keep her balanced...fun/work.All pages are blank on the reverse side so you can use any kind of coloring media and not have it bleed through to the other page or image.High quality Adult coloring book, many great words and quotes!I received this book complimentary for testing purposes. My opinions are my own and I was not compensated in any way for my thoughts.

This coloring book was more than I could have expected. With wonderfully adult themed phrases and sayings, I could color this thing for hours! It works extremely well with gel pens. Please, give this to friends and family who have a sense of humor as a present. It makes a perfect fun gift for those who can appreciate it! Super fast shipping, item arrived in pristine condition.

I purchased this as a surprise "gift" for a co-worker that was feeling burned out. She LOVED it, and

just seemed to miraculously perk up immediately. Not sure if it was just the unexpected gift or the actual coloring book itself, but definitely worth buying. Smiles for weeks!!!!

This is my first swear adult coloring book. As soon as I opened it up I was laughing! It ms a fun adult coloring with lots of funny swear words and phrases. There are 28 pages filled from top to bottom pictures to color. There's an extra page that is just like the cover to color. Making the book a total of 29 pages. The swear book is paperback. The pages fold easy. The book is great for packing in a backpack or purse. The pages in book don't have an easy rip out. Making it hard to rip the pages out but if your careful they come out good. Would recommend ripping out before coloring. That way you not ripping a pretty page you just colored. None of the swear words are repeated. Each one is different. I love that this swear coloring book, each page is unique and different. Some pages are for experts and have full detail while others have less detail and are easy to color. I find that each page is relaxing, fun and funny. I can tell the book was hand draw by the way the lines are thin and all lines don't match up to one another. Other may find this difficult or get mad because it doesn't match their color code. I find it fun and addicting to find color that look great with the extra lines. I love that the swear book has its own funny personality. The swear book is perfect for anyone with a good sense of humor! My husband never colors and once I got this book he laughed and asked if he could color a page. I would recommend putting an extra piece of paper under the page your coloring. I have used markers and they bleed through. Gel pens are less likely to bleed but I have had a couple pages that have dots on extra sheet. Overall the book is exciting with every page you change and color. I received this product for free in exchange for my honest and unbiased review.

This swear word coloring book is something that I have been wanting since I first saw it. I do recommend that you use colored pencils only because gel pens and markers tend to leak through.For the price of these, I will be getting more for Christmas gifts
