Synopsis

Israeli Prime Minister Benjamin Netanyahu warns Iran is developing nuclear weapons not just to annihilate Israel but to destroy the West. U.S. Senator Tom Cotton tells us the Iran deal will lay nuclear trip wires throughout the Middle East, while a German reporter writes ISIS is planning a nuclear tsunami to fulfill its apocalyptic version of Islam. Nuclear alarm bells are sounding throughout a region already filled with several raging wars. Those wars have changed the lives of millions. From a nineteen-year-old Yazidi girl sold into sex slavery, the ten-year-old Christian girl who found it in her heart to forgive her persecutors, or the veteran Kurdish general holding the line against the ISIS these and so many others have been caught up into the midst of these fiery conflicts and developments that are fracturing the Middle East. The book plots a grid for these major and sometimes bewildering developments transforming the Middle East. Those developments include: In what could be the document defining our generation, the U.S., five other world powers and Iran signed a nuclear deal. Critics charge it all but guarantees the Ayatollahs of the Islamic Republic will become a nuclear power. After its barbaric splash onto the world stage in the summer of 2014, the Islamic State caliphate appears to be gaining strength and followers throughout the Middle East and from such faraway places as Mississippi. Christians in Syria and Iraq stood in the pillaging path of ISIS. Some call what has happened to the two-thousand-year-old church genocide against Christians in the very cradle of Christianity. Russia s leader Vladimir Putin launched the biggest military buildup inside Syria in decades: his warplanes are bombing ISIS. This development signals a much greater role for the former Soviet Union in the region and evokes Ezekiel s prophesied war of Gog and Magog. These developments affect your life. What happens in the Middle East can shake stock markets around the world, lead to a greater Western military intervention in the region, spark a confrontation between major powers or flood immigrants into your country. ISIS, Iran and Israel attempts to answer the question: What You Need to Know about the Mideast Crisis and Upcoming Mideast War.

From embedding just a few hundred feet from ISIS on the Kurdish frontlines in Iraq, to reporting from the chaotic streets of Cairo and the bloody borders of Gaza and southern Lebanon during wartime, Chris Mitchell has earned a reputation as one of the world's most respected and authoritative Middle East correspondents. With his must-read new book,ISIS, Iran and Israel, Mitchell draws on his two decades of on-the-ground experience to break down the world's most volatile region and explain how the mayhem unfolding in the Middle East today has global ramifications that will soon affect all of our lives.ISIS, Iran and Israel not only sheds light on the apocalyptic motivations behind the growing global menace of ISIS and Iran's nuclear-obsessed terror kingpins; it also shares inspiring, firsthand stories of hope from Israel and the beleaguered Christian communities of the Middle East. As Mitchell so masterfully shows, amid all the darkness, God is moving in these perilous times--and what happens over there matters to you. --Erick Stakelbeck Host; The Watchman on TBN - Author, ISIS ExposedA day doesn't go by when we don't read about some new attack from ISIS or the growing threat of a nuclear Iran. But there is other news, better news. Leave it to Chris Mitchell, esteemed journalist based in Jerusalem, to write about the story behind the headlines. Despite the bleakness we so often read about, Chris writes in his latest book that The Light of the World still shines His hope into the darkest of places. This book is a must read! --Janet Parshall, Nationally syndicated talk show hostON THE IRAN NUCLEAR DEAL So I believe if this deal goes forward, we are at risk of entering a second nuclear age, and the loss of life will be not in the tens, not in the thousands, not even in the hundreds of thousands but in the millions. --U.S. Senator Tom Cotton, R-AR

While the world's attention turns more toward the Middle East, CBN viewers have grown to appreciate Chris Mitchell's timely reports from this explosive region. Mitchell brings a biblical and prophetic perspective to these daily news events that shape our world. Mitchell began reporting on the Middle East in the mid-1990s and in August, 2000, moved to Jerusalem to establish the CBN

News Bureau. Since then, he s reported from the front lines of the region, traveling to Mideast countries on a regular basis. He has also reported on the tragic rise of Christian persecution throughout the region. Mitchell s stories are seen on CBN s The 700 Club on nationwide cable, as well as the other CBN News programs. Mitchell wrote Dateline Jerusalem: An Eyewitness Account of Prophecies Unfolding in the Middle East in 2013, tracking the many historic and prophetic trends that show Jerusalem sits at the crossroads of history and prophecy and that history s final chapter will be written in Jerusalem. In December 2014, Mitchell authored Destination Jerusalem: ISIS, Convert or Die, Christian Persecution and Preparing for the Days Ahead. Destination Jerusalem records the profound changes in the region wrought by the rise of ISIS, Iran s nuclear program and the dangers of Hamas A native of the Boston area, Mitchell earned a B.A. in History at the University of New Hampshire in 1975. In 1987, he graduated with honors from Regent University, earning an M.A. in Communication, and has been entered into Regent University s Hall of Fame. After more than a quarter of a century with CBN, Mitchell s goal can be found in I Chronicles 12:32: to provide viewers with an understanding of the times for such a time as this.

ISIS, IRAN, and ISRAEL: What You Need to Know about the Current Mideast Crisis and the Coming Mideast War is a story of faith, hope, neglect, and evil as told from the perspective of those who live there. Middle East Bureau Chief for CBN News, Chris Mitchell, takes you behind the news in the Middle East and shows why these people, nations, and events are important to you and me.In a sane world a book like this wouldnÃƒÂ¢Ã â ¬Ã â„¢t have been written. In a sane world where the globeÃƒÂ¢Ã â ¬Ã â„¢s only superpower is comprised of citizens, 77% of whom consider themselves Christian, a book like this shouldnÃƒÂ¢Ã â ¬Ã â„¢t have been written.That it was written is evidence of a world, its nations, and its peoples which have forsaken their fellow man, and by this neglect laying bare the unplumbed capacity for evil in the heart of mankind, an evil measured in the blood of innocent life.But there is hope!And Chris Mitchell chronicles that hope as seen through the eyes of the Middle EastÃƒÂ¢Ã â ¬Ã â„¢s burgeoning Christian church. YouÃƒÂ¢Ã â ¬Ã â„¢ll get firsthand accounts of lives transformed by faith in Yeshua, of young and old who have found hope in their darkest hour. By the time you finished this book youÃƒÂ¢Ã â ¬Ã â„¢ll likely be challenged and frankly burdened by what you have learned.The question is: What will you do with this knowledge?

This is an interesting read. Chris came to a local church that I was visiting a while back and showed us some videos that drives home the point that we are very seriously underestimating radical Islam.

(post might get banned but I don't care, someone has to say it...before it's too late).I learned of and, subsequently, read this book. It is a real eye-opener for what's going on over there. Ever since reading this book, I always try to remember to pray for our persecuted brothers and sisters in Christ. They (even the children) have the courage to stand up to Lucifer and Satan's army whereas we're too busy worshiping Hollywood or trying to figure out which bathroom to use.

Chris Mitchell's 2nd book on ISIS is a must read for anyone with the slightest interest in Israel and the events of biblical impact taking place.

The Middle East is a tinderbox ready to set the region and probably the world on fire. Many of us in the United States are ignorant or just vaguely aware of what is happening there, who the various parties are, and how it inevitably will touch our own lives. Chris Mitchell's book is an excellent introduction to all of those issues. It's not too long and is readable, being a narrative of his own experiences as he reports from that region for Christian Broadcasting Network (CBN). Chris also writes from a Christian perspective, which enhances its value to the reader. Very much worth the short time it takes to read.

Know your enemies, and so important we learn and understand history. This book is highly recommended.

I found this book very informative yet chilling in some areas. Chris Mitchel knows his stuff.

Well researched and written.

I loved this book. I could not put this book down until I was finished with it. It was easy to read and I learned a lot about the Middle East. Understanding the Middle East is difficult, but this book made it a little easier. I would recommend this book to anyone that is trying to figure out the signs of the times. I highly recommend it.
