Words can't describe my thoughts

This Official Scrabble Word list is an essential item at our regular Scrabble club afternoons. I have a copy for home use and another for club days. Avoids any arguments as to whether a word played is allowed. Wouldn't be without it.

No explanation of what the word means.

great book, love it, keep me posted on upcomes

This is basically a book for Scrabble enthusiasts. Many countries now use a combination of the Collins (it used to be Chambers)dictionary and Websters as a reference for competitive Scrabble. Some countries continue to use the individual dictionaries. The World Scrabble Championships uses double dictionary. This book would be the reference for words found in both Collins and Websters.New words found in this edition would include those of Afrikaans and Hebrew origin. So you would find ja (yes), kabeljou (a fish), boep (paunch) etc; coming from Afrikaans. There are many weird and wonderful words to be encountered; no definitions are given. The first section gives words of up to 9 letters, then longer words are given-these would be of little use to the Scrabbler.The print is clear and the paper quality moderate. The binding seems to last-important as the dedicated Scrabble player would reuse the book many times. I know I have.

I bought this book before it was available in the states. Took forever to get it , but didn’t want to wait until July to Buy it. It is a very good dictionary for Sowpods.Eula
