Synopsis

Beginning readers explore the steps to make plants grow! Readers will learn about various parts of the plant including seeds, roots, and leaves in this engaging nonfiction title. Featuring vivid, clear photos and simple, informational text, even the most reluctant reader will be captivated!About Shell Education Rachelle Cracchiolo started the company with a friend and fellow teacher. Both were eager to share their ideas and passion for education with other classroom leaders. What began as a hobby, selling lesson plans to local stores, became a part-time job after a full day of teaching, and eventually blossomed into Teacher Created Materials. The story continued in 2004 with the launch of Shell Education and the introduction of professional resources and classroom application books designed to support Teacher Created Materials curriculum resources. Today, Teacher Created Materials and Shell Education are two of the most recognized names in educational publishing around the world.
