## Customer Reviews

Dr. Seuss is quite simply the most beloved childrenÃ¢â ¬â„¢s book author of all time.

This book has special meaning to me. It will be a birthday gift to my young daughter who beat cancer and has faced many developmental delays because of aggressive treatment. I love that this book has many textures to stimulate the senses for a young child or a child with delays.Oh baby Go baby you can do anything be anything go anywhere- be strong :-)

I used this book as my "guest book" for everyone to sign at my baby shower. It is a great memory to keep!

Adorable book! I purchased as a baby shower gift and the parents loved it. I will definitely purchase for future baby showers.

The regular version of this book is one of my all time Dr. Seuss favorites. This book is younger version of the regular version. It is cute but isn't as baby friendly as I expected it to be. The flaps & tabs are too difficult for a young one to function...thus the 4 stars.

I like the color and the simple story line! After I got the first one, I bought the second one for my other friend's baby! they both like to play with it!! Good!

Bought for a baby shower and the parents to be were so excited to receive this. They had never seen it before.

I should have looked closer at the dimensions, I thought it would be bigger. But it's cute and colorful.

This is absolutely amazing! I will be reading this to my child upon arrival... : ) The interaction will be a nice little personal touch!
