Synopsis

I, like you, am an immigrant to the United States . . .In reading this book, you might get the impression that it was published by the United States Chamber of Commerce ... It was, however, written by an attorney. This book was written for you, the hopeful foreigner. This book is all about immigrating and doing business in the United States. It contains almost everything you will need to get and stay in America with the least problems in adaptation to the American lifestyle. It was written to erase the myths which have permeated throughout the years that America was not accessible, or worse, only accessible for the very well to do. This book will light your way!
