Customer Reviews

Well, I paid I paid way to much apparently. The 50 cent tag on the book said it all. Really, they had it up for 50 cents and I paid a stupid amount. Don’t buy from them.

I was disappointed in the quality of the images. I bought it to help me identify and compare details on my paper money with those in the book. I immediately returned the book. I think if the type of paper was upgraded to glossy the book would be more useful.

would have liked more pictures

great, needed this

Almost all of the pictures are faded bad. Can’t hardly see the picture. Other than that its great.

We buy these books about every 2 to 3 yrs. They have a lot of information.My husband and his friends enjoy them. They collect both coins and paper money.

Not much to say it’s a guide book.

Its not expensive so you get what you pay for, plus you have to make sure that you get the most recent version so the prices are up to date
