Synopsis

With Snappy Sounds Boo!, children can experience the thrills of seeing and hearing skeletons jumping out from their graves, a ghost train swiftly moving through the darkness, owls hooting as bats circle a haunted house, and organ music playing as witches and monsters dance at a wickedly fun Halloween party. Each page reveals a unique sound paired with large pop-ups, as well as questions that teach children new words and assist in identification and comprehension. Innovative and educational, this bold, brightly colored interactive combines the best of children's top selling formats — pop-ups and electronic — in a novel and entertaining way.

The little ones in my class LOVED this book when we read it at Halloween! Great sounds! It is very age appropriate for the youngest as it plays on the cute side of Halloween.

I LOVE this book. I recieved it as a hand-me-down for my daughter from a friend and it is something I will keep forever. My kids love the spooky sounds it makes and the pop-ups. I had to replace my orginal this year after my 2 year old tried to eat the pop-ups but it is a wonderful book that really gets you in the Halloween spirit!

I would recommend this book to anyone with toddlers and pre-schoolers. Adorable halloween treat for little ones. I bought two - one for each grandson and they both get a kick out of the sounds.

My 2 year old loves this book. This was our first in the "Snappy" series, and we are sure to purchase more. Each one of the pop ups are a good size and really "jump" off of the pages. The illustrations are colorful and the story is just right for toddlers - nothing truly spooky.

This was a gift for our Grandson who has Downs and he LOVED the book (still does!) We did have a little problem with the last page being torn but the return was OK.

My 4-year-old adores the colorful illustrations and fun sounds that accompany each pop-up. He can already read, so he enjoys reading it aloud as well, and together we imitate the spooky sounds. If you have kids under 6, they will enjoy this book. A great read for Halloween or any time of the year for your little spookster!

This is the second time I purchased this book. I originaly purchased this book for my grandaughter for Halloween when she was just one. She wore it out high fiving the skeletons and "Frank" as in Frankinstein. She was a little apprehensive at first of the scary sounds but learned to love it all. It’s still one of her favorites.

My two year old has had me read this book to her non-stop. She loves it!
