Customer Reviews

Weidenbaum addresses the intricate relationship between the public sector and the private sector--why and how government intervenes in the economy and how business can respond. The Fifth Edition provides analyses from both perspectives, covering the ways in which government policy affects the activities of the modern corporation and the key responses on the part of business.

Murray L. Weidenbaum runs the Weidenbaum Center on the Economy, Government, and Public Policy on the Washington University campus in St. Louis. His work in the Center makes him privy to the latest statistics and information on economic issues in the news today and his experience in the private and public sectors gives him an insider’s view of business and government policies. This Seventh Edition examines the latest critical changes in business and government from both perspectives. What’s New in the Seventh Edition New section on global warming (Chapter 4) Revised section on the California electric utilities experience (Chapter 7) New chapter on terrorism and business (Chapter 9) New section on globalization (Chapter 11) New section on WTO and labor

and environmental standards (Chapter 12) New chapter on global aspects of energy policy (Chapter 13) New section on taxing e-commerce (Chapter 16) Full revision of the chapter on corporate governance with new section on Enron (Chapter 20) --This text refers to an out of print or unavailable edition of this title.

The parts I have read are fairly well written and easy to follow. This was a required text book for a MBA class.
