Customer Reviews

Very cute and brightly colored book, nice condensed version of the story, perfect for new readers, big print clear scented structure. Makes a great gift for preschoolers and early readers. Happy with purchase.

I bought this book as a Christmas gift for a little girl who is just learning to read. It has large print and a simplified story that goes along with the Disney movie version of the fairy tale. A great way to get a child interested in reading.

We like the Little Mermaid around here, so it is nice to have another book about her for my daughter to read. We are not quite ready to use the steps to reading, but the big words are helpful for letter

identification, and the colorful pictures help keep her engaged.

Got this for my Granddaughters birthday and she loves the little books and they are easy for her to practice her reading with.

Extremely basic storybook version of the movie. Great level for my twins (2.75) to have read aloud. They love this movie and so they love the storybook, too.

The cover is not a good quality, book is already falling apart in just a few weeks of purchase

this is a great book my grand daughter is in kindergarten and is reading a lot of this book

yes, good choice
