I bought this as a gift for a girl who loves unicorns but couldn't believe it when I found these pages inside it. These are not things that should be found in a kids book.

This coloring book is super cute!!! Each and every page!!! The paper is thick enough that the colors don't bleed through either! I love it!

This is a great coloring book for little ones just learning to color in side the lines. (Small motor control.) We got her a simple well colored set of gel pens and this book. She loves sitting with these and trying to draw just like grandma and gautie.

My daughter (4 years old) is a unicorn lover! This book is perfect for her. The plan is to color them and post some around her room. Very cute design for kids and adults!

Super cute and high quality coloring book! Nice quotes and artwork! Great for tweens and older kids too, I found myself coloring them.

Got this for my wife for her birthday as she likes unicorns and likes to color.She likes it, so I guess all is well with it.

Daughter loves this.

Very cute, but a very thin book. Not a lot of pictures inside. Still, for the price I think it’s worth it.
