Customer Reviews

Just finished book #16 after reading all 16 in a few days. Enjoyed the characters and the plots without the sex and bad language. Please write more of these. It is good to read the good in life.

Very good research I think. It kept me engrossed in what was next. It was hard to put down even to go eat dinner.Recommend it highly.

I love the Jason Strong books. I feel like I know the characters on a personal level. They are my friends. I love the fact that they are "clean", yet still well written and exciting stories. I have read them all and ready for the next one!

Suspense to the very end!!

I just finished reading and reviewing SHADOW OF DOUBT yesterday and was a little sad to get to the end of the book. I had read all fifteen books in this series pretty much back-to-back, only recently having discovered the Detective Jason Strong Series by author John C. Dalglish. I was so pleased to check my inbox today and receive the news that this book, number sixteen in the series, was out! Not only have I already read the book, my review is the very first one for the book!In book fifteen (SHADOW OF DOUBT), Vanessa Layne’s husband, Rob was murdered and Vanessa was suspected of his murder. Before his death, Rob had told Vanessa there was someone else. Reporter, Devin James was eventually arrested and convicted for the murder, exonerating Vanessa.Detective Vanessa Layne returns to work and Lieutenant Eric Savage welcomes her by

returning her gun and badge. Detective Jason Strong is happy to have his partner back. Detective Dianna Torres "had been a good partner, and they had been an effective team, but Vanessa was Vanessa".Jason and Sandy Strong have a personal issue they have to deal with in this book, but the love and devotion this couple share give them the strength they need to get through anything ÃƒÂ¢Ã â ¬Ã â • together.Jason and Vanessa have a new case to solve ÃƒÂ¢Ã â ¬Ã â • the murder of a young woman. When a second body is found, it looks like a suicide, but things are not always what they seem to be...The reader is immersed in the storyline from the beginning. There are plenty of twists and turns and a few surprises to you entertained. The plot is a good one and it is exciting to discover the clues alongside the detectives. The storyline reaches a satisfying conclusion with the case neatly wrapped up and the books ends on a positive note as do all of the books in the Detective Jason Strong Series.Each books can be enjoyed as a standalone, but I would recommend reading the series in order to get the most out of it. You will come to know and love the main characters and will look forward to each new book just to catch up with them. The books are all a short, easy and an enjoyable read. If you like clean suspense books, this series could be exactly what you are looking for! Do not forget to check out The City Murders Series, also by author, John C. Dalglish.Kindle Unlimited Member

As always, Mr. Dalglish writes a good read that’s clean in its language. Even though the stories are unfortunately what’s happening in the news, he writes in a way that interests you andIn all honesty you tend to read it slowly because you want it toLast. If you want a book without cussing and graphic scenes you’ll want to add the Detective Jason Strong series added to your library. I can’t wait to get started on the Homicide series next. Please keep up the good writing, Mr. Dalglish, and I’ll keep on reading,

I have read and enjoyed each and everyone of the 16 books in this series and I see there is a 17th coming, Bring It On. All have been enjoyable , suspenseful and I love how he keeps the characters in each book

John Dalglish has done it again. Well written, clean suspense that will keep you turning the pages, with the added bonus of a personal challenge for Jason! Looking forward to the next Detective Jason Strong Mystery.
