Lots of great info. Went to Vegas and felt informed and actually frugal!!

This Gem of a book talks about great savings in Las Vegas. Even being a local this book has saved me great money! In just ONE of his recommendations I have used one vegas coupon that caught me the price of the coupon book, now everything is merely profit from things I was already planning on spending money on. Great for locals or tourists! Highly recommended.

I have been to Las Vegas many times and thought I knew everything about being "frugal". Turns out I didn't! This book is great whether you are a newbie to Vegas or a repeat visitor like myself. The book is an easy read with hundreds of valuable tips for saving money in Las Vegas. I enjoyed the detail provided for such things as transportation options around the Las Vegas Strip and also the detail provided about each casino property. The author has done tons of valuable research and presented it concisely in this book. From food to gambling...you WILL save $$ with this book. It's a "must have" if you are planning a trip to Las Vegas and want to spend wisely!

This book has been very helpful with planning my trip to Las Vegas. I would recommend this to anyone getting ready to visit Las Vegas and looking to save money and still have fun!

Nice book. Would boy again.

Liked this book a lot. Was easy to get information to book hotel, shows and excursions.

Very informative, up to date Las Vegas guide.

I've lived in Las Vegas for 20 years, so I am aware of most of the information in this book (well written, by the way!). I did learn a few new things - that some of live shows will let you watch their

rehearsals. Pretty cool!
