Customer Reviews

I found these books to be very informative for any level trader. I would personally consider myself an intermediate trader, but I ha e read enough books on all forms of Trading from beginner to advanced to know any level trader would find some portion of these books useful too him or her self. It would be very good for a beginner based on the ease of reading it and all topics described in simple detail for anyone to understand. I also feel he goes into each topic enough, so even a more advanced ed trader would be able to take away some new insights to a number of the topics. So if you are looking to just start your adventure into swing trading I would recommend these books as a great starting point especially for the value you'd get for the price. Or if you are an advanced trader these books will definitely give you something you may not of known before, again especially for the

fair price they are selling for as a group.

Disappointed. Very shallow....no depthÃƒÂ Ã Å¸Ã ËœÃ Â¢Such type of information is available on internet Free of cost.wasteOf money. No need to read ....just avoid it
