Customer Reviews

A sweet children's book that simply and artistically walks through the alphabet while rhyming. My 2yo and 5yo loved the story and each walked away with different favorite characters!

I love this book! My son, who is only 3 months old, loved looking at the illustrations while I read this to him. I can't wait to teach him the alphabet and animals with this book.

Purchased for grandchild.

Great story cute rhymes and new words. My 5 year old just loved Zoe zebra and her search for her z

It"s a cute story using the alphabet.

I have just read "Zoe Zebra Loses Her Z" and am quite impressed! Not only is the book itself quite cute (well illustrated, and a charming and clever story as well as an alphabet primer), but it includes a link to an audio book version, and coloring pages from the book which you may print for your little one to color. All in all, it was an excellent value and one I am very happy to have gotten. (As a teacher, I did notice a few "sentences" which were not really sentences. Normally this would bother me a great deal more than it did in this particular case, as the children hearing this book are probably years away from learning what a sentence is - however, I also believe these few errors could be easily corrected, should the author choose to before the next printing.)

I would seriously recommend this book to anyone who’s children like witty and clever children’s book full of rhyming fun.

My grandchildren, Ani and ZoÃƒÆ’Ã Â«, love this book. When we read it we have Ani ant and ZoÃƒÆ’Ã Â« zebra. We have used the audio book in between readings and colored the coloring pages several times. Well done.
