Stan and Jan Berenstain introduced the first Berenstain Bears books in 1962. Mike Berenstain grew up watching his parents work together to write about and draw these lovable bears. Eventually he started drawing and writing about them too. Though Stan died in 2005 and Jan in 2012, Mike continues to create the delightful Bear adventures from his studio in Pennsylvania, in an area that looks much like the sunny dirt road deep in Bear Country.

Bought this for my daughter, who is in love with the Bear family right now. I've looked through the book before tucking it away for later. I think she'll have a lot of fun with it. The illustrations are nice

but the majority of the book is just a generic kids cookbook. It's a fun collectible. She'll be excited. I was a Bear fan as a kid too and would have liked it.

My daughter and I enjoy this cook book together, it is simple and easy for kids to lend a big hand in the kitchen and get them involved in cooking.

Very cute book that our children love.

This cookbook arrived in time for Spring Break! Yay! My six year old looked through it. Then we worked our way through it making three of the recipes.

This was a hit at Christmas (again purchased for my sister). But there are actual directions included to fix a small snack or light meal. Something a mom can enjoy doing w/a youngster. It has a solid cover that will stand up to use and seemed clearly and well written.

Not at all what I expected. I was looking for a cookbook of very simple recipes for my 7 yr old to make. I didn't think this book did that.

Fun stuff to make worth kids on a rainy day. A few recipes ate kind of lame, but ebay kids cookbook doesn't have some of those. A bit of story to go along, a and a Bible verse too.

Very cute little recipe book. Taught me how to make crepes which I thought would be too hard and I used to always buy at ihop. Now I enjoy making my own at home!
