Synopsis

100 Pages of Blank Guitar Manuscript Paper Sheet Music with Staff, Tab Lines, Lyric Lines and Chord Boxes designed for writing great guitar music. Along with the blank staff pages are 10 blank additional pages of extra chord boxes. Perfect for songwriters and musicians of all kinds. The guitar staff and tablature pages have been set up with only 3 sets of Staff and TAB lines per page and they have been spread apart nicely to make them easier to write your music on. Each set of Staff includes lyric lines to write your words on and chord boxes for each measure. All our blank guitar manuscript books include our Basic Music Notation Guide for Guitars, showing notes, basic staff and TAB layout and a fret board with notes for the first 12 frets. Also includes descriptions of what is a chord, highlighting six different ways to show chords and how to read a Guitar Chord Box. Includes Notes That Make Up a Major Chord, Chords for the Major Keys, Scale and Arpeggios layouts and Chord Spellings for the Major Triad through the Sus 2 chords. Gives you a good resource to help you get started writing your songs. At the back of the book are the Acoustic Music TV Essential Chord Charts for Guitar with our most popular fingering chord charts, along with 10 pages of blank chord boxes for roughing out a song by chords only.

J. Bruce Jones is a musician, author, graphic designer, software publisher, video producer and the creator of Essential Chord Charts for Guitar, Mandolin, Ukulele and Banjo and the Left Hand Chords books. Containing guitar, mandolin, ukulele and banjo chord fingering and music charts for playing

rock, folk, country and blues music. I started learning guitar about 10 years ago and my music and chord charts came about from my search for clear basic music information to help me learn when I started playing the guitar. Over the years I found lots of the charts on the web and in books but most of them were too complicated or incomplete or poorly presented. So I started laying out my own charts and then started sharing them with my friends. My original Essential Chords book has evolved into a line of music books and posters, including blank sheet music books, guitar, mandolin and ukulele chord posters, gift apparel and music instruction videos. My intent for all my books, posters and video is to make learning music easier and fun.

Perfect design. Looked for a book like this. Other books have various elements like tab or chord boxes or notation or lyric lines...but not all elements, as this one does.The sizes of the notation and tab lines are perfect, too -- not too big and not too small.I don’t write music. Going to use it just to work out songs by ear. I don’t usually use tab, but just get the chords and then work it out. But the tabs will be useful for when I work out specific fingerings, and being able to integrate all elements -- notation, tab, and chords -- should help me enormously.This book is exactly what I needed.

No more wasting time improvising sheets.

Perfect book!!

Exactly as described. I like it.

The layout and graphic clarity of the instructional pages in the front and back of this book are worth the price of this book alone.And the material presented in those pages are VERY helpful: all the fretboard notes, chord note make up, chord spelling, I, IV, V, V7, chords for major keys, etc.

You get exactly what you expect with this. I highly recommend it.

This book is amazing! It’s a must have for any serious musician/guitarists definitely worth it’s value completely explanatory for for easy learning.

Write lots of songs. Always needing paper. Arrived as expected.
