Synopsis

In 1540, Mexico was declared to be New Spain. With a diverse culture and great natural resources, it should have prospered like its northern neighbor. But Mexico’s history includes political corruption, war, revolution, and grinding poverty. Why has the fate of Mexico been so different than that of the United States? The World’s Political Hot Spots Series explains the basis of conflicts in some of the world’s most politically sensitive areas. Many of these regions are in today’s headlines, and tensions have become violent in virtually all of them. Each presentation covers up to ten centuries of background, revealing how and why today’s problems occur. --This text refers to the Audio CD edition.

Book Information

Audible Audio Edition

Listening Length: 2 hoursÃ Â andÃ Â 56 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Blackstone Audio, Inc.

Audible.com Release Date: August 24, 2006

Language: English

ASIN: B000I0SF68

Best Sellers Rank: #100 inÃ Â Books > Audible Audiobooks > History > Latin America #1778 inÃ Â Books > History > Americas > Mexico #53244 inÃ Â Books > History > World

Customer Reviews

This is a rather uninspired history of Mexico. The quality of the recording is amazing and features a full cast, but the history lacks personality and there is sadly very little information about US-Mexican relations after the second world world. I personal came to this book interested in the recent history of Mexico, but you learn little other than a short sentence or two about the migrant worker crisis. The drug cartels are not mentioned at all. I am sure there are better options on the market. -Ryan Mease
