Synopsis

The proven Glannon Guide is a user-friendly study aid to use throughout the semester as a great supplement to (or substitute for) classroom lecture. Topics are broken down into manageable pieces and are explained in a conversational tone. Chapters are interspersed with hypotheticals like those posed in the classroom that include analysis of answers to ensure thorough understanding. Additionally, The Closer questions pose sophisticated hypotheticals at the end of each chapter to present cumulative review of earlier topics. More like classroom experiences, the Glannon Guide provides you with straightforward explanations of complex legal concepts, often in a humorous style that makes the material stick. The user-friendly Glannon Guide is your proven partner throughout the semester when you need a supplement to (or substitute for) classroom lecture. The material is broken into small, manageable pieces to help you master concepts.Multiple-choice questions are interspersed throughout each chapter (not lumped at the end) to mirror the flow of a classroom lecture. Correct and incorrect answers are carefully explained; you learn why they do or do not work. You can rely on authority; the series was created by Joseph W. Glannon Harvard-educated, best-selling author of, among other legal texts, Examples and Explanations; Civil Procedure, now in its sixth edition. The Closer poses a sophisticated problem question at the end of each chapter to test your comprehension. A final Closing Closer provides you practice opportunity as well as a cumulative review of all the concepts from earlier chapters. You can check your understanding each step of the way. More like classroom experiences, these Guides provide straightforward explanations of complex legal concepts, often in a humorous style that makes the material stick.

Purchased for a law school class in Evidence. I initially bought this book because my class was over the summer semester which makes the information come and go extremely quick, and compressed what is usually a 16 week course into 4. So, I wanted to make sure I was understanding the concepts and developing a proper understanding of what topics would likely be tested come exam time. Book was perfect for this, and provides detailed, straightforward explanations of concepts that can sometimes be counter-intuitive and dense. There are also multiple-choice questions after each topic to test your understanding. For example, picking a topic out of the book at random... we'll say burden of proof & presumptions, there are 2 questions that include explicit analysis covering exactly why each choice is wrong, or specifically why the correct answer is correct.I am so satisfied with this particular Glannon Guide that I intend to treat each book available in the series as required reading for the relevant class. Very happy and would 100% recommend this product to strangers on the internet.

I found myself in a tough spot before exam time and the Glannon Guide brought me out of it. Thank you, Mr. Avery!

This book is a must-buy for law students taking evidence. This prepared me perfectly for a multiple-choice exam AND helped me prepare for mock trial tournaments.

Most Glannons books are the best. This one is much shorter than the average one, and seems to be thrown together at the last minute. Don't recommend-- especially at this price.

Pitifully written. A lot of this is patently false and misleading to students.

Thank you!

So helpful for my evidence exam that included multiple choice.
