MIKE MAIN has spent 30 years exploring Botswana and its neighbors. A freelance writer and management consultant when not travelling, he lives in Gaborone.

Very good book. Comprehensive, nice maps, and adds a bit of trivia to each of the suggested routes. Besides being a route guide the added trivia opens up an extra dimension when travelling. Few people know the back country of Botswana as well as Mike Main, if you are planning to go to Botswana also try to get a copy of his first book "Kalahari - Lifes variety in dune and delta", its absolutely one of the best read around.

This helped me prepare for my December safari to Botswana - even though I have to admit the real thing is even more indescribable!

Beat the Bush to discovery before you arrive!
