I found this book to be very informative about the culture and people of Al Hoceima. It also gives

good advice on which Hotels and beaches one should try out. Because it is written by a local woman she is able to give good advice on things one should and shouldn't do in order to be well received by the people of the city and the best places to go in order to have the best experience possible while visiting. I would recommend this book to anyone interested in traveling to this beautiful city or those interested in learning more about its people and culture.

For those who want to travel to the region, reading this little book will give a head start on enjoying the experience. It is written by a woman who has grown up in the city. Fatima offers sound, insider's advice on how to make a successful and rewarding visit to Al Hoceima.
