Synopsis

Flexi Map Marrakesh is much more than just a laminated map. The tourist information section includes detailed descriptions and some stunning photographs of a carefully selected number of recommended sights, these sights are linked to the mapping by easy to find numbered markers. There is also an abundance of helpful information on getting around, tipping, opening times, public holidays, emergency telephone numbers and much more. The comprehensive index has been divided into different categories to make locating places as easy as possible. The laminated, tear-resistant finish is tough, weatherproof and can be written on using a non-permanent marker. The main map shows the city at a scale of 1:15 000 (1cm = 0.15km) and highlights numerous places of interest such as public buildings, hotels, embassies and parks, there is also an enlargement of the souk area. For exploring further afield there is a map of Greater Marrakesh and the region.

Customer Reviews

Insight Guides wherever possible uses local experts who provide insider know-how and share their love and knowledge of the destination.

This map helped us in our walks in Marrakesh. I didn’t want to carry phones and other items on our honeymoon so this did the trick.When we were a bit disoriented in the markets we’d find a landmark and use the map to find our way again. We loved our time in Marrakesh so after our trip we cut parts

of this map and made a shadow box with the map as background for our items and photos. Good map and money well spent.

Using this on my Iceland trip in October and the raining season starts
