Customer Reviews

I realize you get what you pay for but this just isn’t worth the price. Difficult to orient yourself...I

would have appreciated 1 or 2 maps instead of multiple maps of smaller regions.

Horrible map, does not have any graph system or list of cities or towns so unless you already know Thailand and where you are going this will do you no good.

Very useful and detailed map. Water resistant and does not crumple or tear easily.

Good quality. I'm using it to plan my trip. It will be way too big to carry with me but it is more than serving the purpose for which it was bought.

very detailed

Interesting

All good, will take it to Thailand. Folds well, thick material, plastic coated.
