Synopsis

Lonely Planet: The world's leading travel guide publisher Lonely Planet Europe on a shoestring is your passport to having big experiences on a small budget, offering the most relevant, up-to-date advice on what to see and skip, what hidden discoveries await you and how to optimise your budget for an extended continental trip. Tour French chateaux, take boat trips to Greek beaches, hike past Bulgarian monasteries and glug Spanish wine; all with your trusted travel companion. Get to the heart of Europe and begin your journey now! Inside Lonely Planet Europe on a shoestring Travel Guide: Budget-oriented recommendations with honest reviews - eating, sleeping, sight-seeing, going out, hidden gems that most guidebooks miss Extensive planning tools and budget calculators Highlights and 1-3 month itineraries help you tailor your trip to your personal needs and interests Insider tips to save time and money and get around like a local, avoiding crowds and trouble spots Essential info at your fingertips - hours of operation, phone numbers, websites, transit tips, prices Cultural insights give you a richer, more rewarding travel experience - history, art, literature, cinema, landscapes Colour maps and images throughout Over 200 maps Covers Austria, Belgium, Britain, Bulgaria, Croatia, Czech Republic, France, Germany, Greece, Hungary, Ireland, Italy, Montenegro, Netherlands, Poland, Portugal, Romania, Russia, Scandinavia, Serbia, Spain, Switzerland, Turkey, Ukraine and more Useful features: First Time Europe, Big Adventures Small Budget, Off the Beaten Track, Border Crossing, Splurge, and Responsible Travel The Perfect Choice: Lonely Planet Europe on a shoestring , is perfect for staying within a budget when taking a longer, multi-country trip, yet still getting to connect with the cultures and explore both top sights and roads less travelled. Looking for suggestions from a wider range of prices for a shorter, multi-country trip? Check out Lonely Planet Europe for a comprehensive look at all the continent has to offer. Looking for just the highlights? Check out Discover Europe, a photo-rich guide that focuses on the top experiences. Looking for just a few of the destinations included in this guide? Check out the relevant Lonely Planet destination guides, our most comprehensive guides that cover both top sights and offbeat experiences, or check out our photo-rich Discover or Best of guides, which focus on destinations' most popular attractions. Authors: Written and researched by Lonely Planet. About Lonely Planet: Since 1973, Lonely Planet has become the world's leading travel media company with guidebooks to every destination, an award-winning website, mobile and digital travel products, and a dedicated traveller community. Lonely Planet covers must-see spots but also enables curious travellers to get off beaten paths to understand more of the culture of the places in which they find themselves.

Customer Reviews

Great guide. And a must have when traveling !! Very detailed to wherever your going. You won't get lost !

I like the information that it's in the book but the letters are tiny. I have some trouble reading it and it is overwhelming to see that much of information in each page.

Love the money saving info!

Good suggestions in here.

If you havenÃƒÂ¢Ã â ¬Ã â„¢t decided which country(s) to go to, this book will really help you decide based on which countries and major cities match your interests. If you only want to go to the major cities and take day trips, this may be the only guide you will need to find the list of attractions that are popular. Economical accommodations, restaurants, and transport will be very helpful along with the street maps and color photos.The first time visitor will like the information on weather, local customs, dress, and suggested itineraries. You will have the same amount of frustrations booking an escorted tour so why not go see what you really came to experience rather than what the travel company has selected for their convenience.Those who like to include off-the-beaten path travel, should consult Lonely PlanetÃƒÂ¢Ã â ¬Ã â„¢s individual country books for gems that are even

better than the easily-gotten-to sites. I used them on my many trips to the region and always was thoroughly satisfied with the descriptions and details. Local transportation can easily get you there and Lonely Planet provides the departure and transit times.

This is great for a first time trip in Europe, especially for when you're faced with the difficult task of deciding where to go. This book contains lots of information and online links to help you plan ahead, as well as some decent trip itineraries to get some ideas. As a student traveler, this was one of my first picks for a month-long trip and it has helped me pinpoint lots of budget options and even some places where I could splurge a bit. Great if you're passing through multiple countries and only have a few days to spend in each. However, if you are going off the beaten path and/or want to extend your stay, consider purchasing another one of their guidebooks like I did. The coverage on some of the smaller countries especially was limited, but this isn't a bad thing. You can easily find what you need within the scope of a few pages and the overall book is a fairly lightweight, portable size considering the scope of information it contains (compare to the monstrous Spain or Italy guidebooks.)Other pros:-Basic phrase guide at the back of the book-Listing of free attractions in each country-Historical guides for popular attractions.-Table with estimated daily costs in each country: especially helpful for budget travel. I've been finding these to be mostly accurate

Not much different than you'll find at wi*itravel, albeit with the peace of mind that you can trust the info. I'd hoping for far more info on how to be frugal and eke more enjoyment out of your money.

Useful for budget travel in Europe
