Customer Reviews

Purchased this book from a third party seller. Arrived promptly and in great condition. The textbook almost looks brand new with minor wear. The book clearly outlines and describes each concept relating to personal injury and the work associated with it. The text provides very usefuk information and is easy to read and understand.

So far very helpful. I was hoping that there were actual forms in it. However, they did have the intake form which is very critical in any case, especially personal injury cases. I am happy with it.

Came just as posted. No marks. Good shape. Content looks good also. Will be utilizing this book a lot . Great purchase

Hi,A clear explanation of Personal Injury law which has greatly aided this non legal professional .One of the best of the dozen or so books I have read on the subject.

Good

This publisher needs to get authors that know how to write. Been forced by the school to buy these books and each one of them is bad.

So happy thank you!

Great! but it would be better with a disk of forms...
