Customer Reviews

"KnownÃ¢â ¬Â¦ for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." So much information laid out easily for users. I have traveled across the globe and for directions, travel ideas, top locations, hotel and food recommendations are summed up in a high quality book. It is like having a city or country National Geographic book to use in traveling.

The book was filled with helpful information and guidance for the visit. My only quibble was that it didn't give any tips on ticketing for the larger sites as a way to avoid the really ridiculous lines. This book also covered Tuscany as well as Florence; we'll have to take it with us on our next trip.

Large heavy book. Better information available in the Fodors book which is a pound less. The pictures are beautiful and this would make a good coffee table or bookcase book, but not a good book to travel with. I couldn't find operating hours quickly for attractions. It annoyed me that I could not find the info in a logical place.

On my second trip to Florence I purchased this book. The maps are great and provides lots of useful information about the surrounding towns in Tuscany. I used it in Siena. Pisa, lucca and Florence. I will look for this brand when traveling to new destinations. I usually buy Rick Steves books but I liked this one much more.

All of DK Eyewitness guides are great for research, a bit heavy to walk around and tour. I love the photos and the ideas I get from all of these guides.

Packed with loads of travel and location information. Must read for travelers to Tuscany.

If you need an expansive guide with all the information you're looking for in a compact size look no further, here it is!

I love DK books... always helpful when I am on a trip. Pre-planning and while actually on location.
