Synopsis

Daniel and Prince Wednesday learn to share their toys in this Pre-level 1 Ready-to-Read story based on a popular episode of Daniel TigerÃ¢â ¬â„¢s Neighborhood!Daniel and his friends are all playing with their toy cars. But Prince Wednesday has forgotten to bring his car. He asks Daniel if he can play with DanielÃ¢â ¬â„¢s car for a little while. Daniel hesitatesÃ¢â ¬â •he wants to play with his car! But Dad Tiger suggests that they can share. Prince Wednesday can take a turn playing with the car, and then heÃ¢â ¬â„¢ll give it back. Sharing is caring! But Daniel is still unsure. What should he do? This paperback edition comes with a page of stickers! Ã Â© 2016 The Fred Rogers Company

Age Range: 3 - 5 years
Grade Level: Preschool - Kindergarten

Customer Reviews

This is one of several Daniel Tiger books I bought for my son. He likes the PBS show quite a lot, and he struggles to accept new books, but has recently shown a willingness to do so if they parallel TV shows he likes.There isn't a ton to say about this book. It's meant to be an early reader, so the phrasing is short and simple. What I like most about it though, is that it really actually can be used as a Social Story to help teach or underscore the concepts of sharing and pretending for kiddos with

Autism. For our little guy, usually toys aren’t the problem. Even though he likes a few of his toys well enough, he doesn’t have anywhere near a strong enough attachment to them to object if someone else wants them. But try to get him to share a big bowl of popcorn? Uh-uh, those kernels are his, thank you very much!I like that this book talks about Prince Wednesday being sad when Daniel doesn’t want to share at first, because it helps provide a "why" that many kiddos with Autism may not automatically understand on their own. Sharing brings happiness to others, which is a great thing. And later in the book when Miss Elaina shares her car, she pretends so that she has something to play with, which can be a good way of talking about the benefits of pretending. The only thing I’ve seen my little guy do that even comes close to that is copying the way his sister pretend snores when he didn’t want to get up out of bed and clean something I asked him to. It’s the only time I’ve ever seen him do anything even close, and his mind I’m guessing he probably thought of it as imitating his sister trying to get out of doing work ;) So while pretending isn’t something we’re ready to conquer yet, it is something that can be a struggle for some children with Autism, my son included, so I like that it’s in there.And probably most kiddos will like that there are stickers in the back of this thing. My son will just try to eat them, so I’m going to have to watch these carefully. Overall, I think this is a cute book and I love that it can double as a social story for a couple very important things.

They enjoy all of the Daniel Tiger books I don’t they realize how much they are learning as we read the books

My grandson loves Daniel Tiger; he loves these books!

All of the Daniel books are, in the Fred Rogers tradition, entertaining and educational for young children.Surprised there is not (and suggest there should be) one about going to the dentist.

my Grandson loves this book.

our kids love it

perfect for my 2 year old. I elaborate on the story now when read to her, but she’ll be able to grow with this book and read on her own in a few years.

Really cute book about sharing.
