Roger Priddy left school at 16 with just one qualificationÃ¢â ¬â ¢in art. He went to Berkshire College of Art and Design and trained as an illustrator. Priddy lives in

London with his wife Zena and their four children.

This is my son’s favorite book. He’s 2, and really into "big trucks", and this book was perfect for him. He will pull this book off the shelf nearly every day for us to read it to him. He can point out what most of the vehicles are ("Show me the airport fire truck"), and when we are driving someplace, every so often he’ll sound out, "LOOOK! A fuel truck!"It literally is a book full of pictures of vehicles, with their name under it. We’ve turned it into a game, calling out the name and having him point to it, which is a source of great fun for him. He’s at the point where he can turn the pages to find the vehicle you’ve named... its pretty impressive. The book is very well constructed, and has been through a lot of use (and some abuse) and has come through it with very little visible wear.I’m very glad that I got this for him, and I will use this as a gift for my friends with small boys in the future. I’d recommend it to anyone who has little ones who are into trucks and vehicles..

So pleased with the quality of this book. The pictures are colorful and the book is sturdy and large. My son (2) loves it (and he’s not a huge fan of books yet).

We love the large size of the book and my son loves reading it. I wish it were sturdier. My son has already broken it a bit by trying to close it backwards. We have other board books that are stronger and don’t break as easily.

If you’ve got a kid into trucks, this is a great book. Probably for a 3 and under crowd. Really great price for such a quality board book. This is much bigger size than the typical board books.

If your child loves vehicles of all kinds, this is the book that identifies them in large colorful pictures. There is no story to read but invites you to discuss the details of each vehicle creating your own unique style of storytelling.This book has been around for awhile and I run into it whenever I am around a child who loves books. I thought I would gift it to someone who loves firetrucks and garbage trucks

This opens to 1 page! & 2 questions, very disappointing! Not at all as discribed! Save your $$

My son loves this book. He enjoys the realistic pictures and I’ve found that he can identify trucks when we’re out and about because of this book! Vibrant colors that keep a 2 year old’s attention.

My 1 1/2 year old son LOVES this book. The pictures are big and the material is resistant.
