This product arrived in excellent shape in a timely manner. The book was a wise decision as it contains factual, accurate and helpful information about the Cherokee that is presented in an easy-to-understand format.

Loved this book for 3rd grade students

The human being cruelty has no limits all over the world. I have never read a history so daring.What a beastly human suffering!. What a terrible sadness!The Cherokee Nation is great!

Great DVD. Used for 5th grade report

Well written and historically accurate. This is one of the most interesting of the Step into Reading books I have read. The details are fascinating and so accurate. It is so hard to find something this accurate and easy to read about a really hard chapter in the lives of Native Americans. It could open up a whole discussion on the history of that treatment.

Another great book for my great nieces for their trip to the Grand Canyon. They thoroughly enjoyed the book.

Ordered for my 9 yr old grandson he loves these books.

Fast shipping, thank you my grandson loves these books. Thanks again
