Customer Reviews

I like this coloring book, but they didn't use up the full pages! They only put a small figure to color on each page. They also needed more detail.

This is a really disappointing book. The drawings are unimaginative and far too simple with almost no detail to color in. The images are only printed on one side of the paper so there is actually very little content inside. My 4 year old was totally uninterested - very disappointing.

The paper quality isn’t all that and it is much thinner than expected.

Pictures are not very creative. Even my three year old is unimpressed with most of the pages.

She loves it.
