Synopsis

Beginning Still Life teaches aspiring artists everything they need to know to get started in drawing with graphite pencil. From choosing paper and pencils to basic pencil techniques to composition and development, this book is bursting with valuable lessons to help beginning artists master this captivating medium. Talented artist Steven Pearce guides the readers through an exploration of pencil drawing, covering basic concepts and techniques, such as value, shading, blending, setting up a still life, and more. Building on these basic techniques, artists can further practice their craft with step-by-step drawing projects that cover a variety of still life subjects, including fruits and vegetables, flowers, and more. With comprehensive instruction and artist tips and tricks, Beginning Still Life is the perfect resource for aspiring artists.

Customer Reviews

Like many artists, Steven Pearce got his start at a very early age. His mother was an accomplished oil painter, and his father was an oil painter, sculptor, and master jeweler. Their encouragement and valuable knowledge helped Steven grow as an artist. Creating art with a pencil has been and continues to be a passion of Steven’s, and is always at the forefront of the mediums he uses. He enjoys experimenting with other media, including colored pencil, oil, and acrylics. Steven loves drawing portraits, still life, wildlife, landscapes, and anything that represents well in graphite and charcoal.www.srpearceart.com

Love these books.

Good book!

This is a great starter. I've never drawn in my LIFE, and I'm glad I have this to start off with. Would recommend this for a newbie!
