Love the durable, no-tear, waterproof material. Great for handling! My only complaint is the coverage. Quite a bit of Hong Kong not on the map, and they left the back blank! They should have had more HK regions or a high-level complete view on the back. That would have made the map close to perfect.

Folds very small. Overall very easy to use and would recommend for any traveler who would like to

travel light.

I bought this map at a book store in Kowloon, Hong Kong. I bought it more as a novelty, but it’s become much more. The material it’s printed on is almost indestructible (kind of like Tyvek) and waterproof (or maybe just resistant, I’ve not put it to a real test yet). The detail for the area of Hong Kong it covers is quite good!I can put the map in my pocket, stuff it in a bag or just hold it crumpled in my hand. And it doesn’t lose any ink or become illegible.It’s truly wonderful to use!
